SUBJECT : CIA Management System: Performance Evaluation and Annual Report

1. In reply to subject memorandum dated 14 June 1973, we have reviewed the objectives submitted for FY-1973, 1974, and 1975 and find that there is only one which is applicable to A&TS. This is as follows:

"To review our Security training courses during FY-1974 and restructure our training courses for Security Officers going abroad by January 1974 to make them responsive to the needs of certain support personnel going abroad to posts where no professional Security Officers are assigned. These courses will be made available in the last half of FY-1974 to non-Security personnel going overseas in FY-1975 who have the need for this security training."

2. We can now report that a short 3-day course was structured and has been given to certain non-Security personnel in FY-1973. In FY-1973, we also restructured our 3-week course for Security Officers going abroad in such a manner that it can now be made available for non-Security officers going abroad either during the regularly scheduled course given each Spring or a special scheduled course if the demand warrants it.

3. Any additional information desired may be obtained from the Chief, Training Branch, A&TS.
